Building childrens' resilience, motivation and well-being

Students CHOOSE EASY because they ...

- > Feel clever / talented
- > Get lots of praise
- > Finish quicker

Our students are motivated learners with POSITIVE ATTITUDES TOWARDS CHALLENGE. They take intellectual risks, and show determination, dexterity & resilience when stepping out of their comfort zone.

Students AVOID CHALLENGE because they ...

- > Feel frustration / make mistakes
- > Think staff don't like struggle
 - > Fear it will never end!

The EFFECTS OF CHOICE on intrinsic motivation and related outcomes

A meta-analysis of 41 studies
Patall, Cooper, & Robinson, 2008

Effect Size **0.02**
